Through The Tunnel By Doris Lessing

By Doris Lessing

Through the Tunnel is a short story written by British author Doris Lessing, originally published in the American weekly magazine The New Yorker in 1955. Jerry, a young English boy, and his widowed mother are vacationing at a beach they have come to many times in years past.

Probably now, if he tried, he could get through the long tunnel, but he was not going to try yet. A curious, most unchildlike persistence, a controlled impatience, made him wait. In the meantime, he lay underwater on the white sand, littered now by stones he had brought down from the upper air, and studied the entrance to the tunnel.
